Dear June

I have been wondering how
you are going this week
I hope you season and
rest hard but you put
up they are stuck to ~~them~~
it will come to you
I am waiting time at
the breakfast table Helen
has not come down
yet Edith has just
come in from Clifford
We lost our light this
after night in my home
I am going to take the car
down this morning to see if
we can't stop the trouble
